- **Identification of Claimant.**
We are happy to make every effort to make a positive identification at an early stage in an investigation to avoid watching the wrong person. We appreciate that there are risks and we are happy to take our client's instructions as to if and when we should make a positive investigation.
- **We use two person teams of operatives equipped with suitable vehicles. Additional operatives can be included at extra cost.**
- **Equipment.**
Our operatives use the latest equipment to obtain video evidence.
- **Service Standards.**
We aim to commence an investigation within four weeks of receipt of instructions.
We recognise the importance of submitting a report on the investigations as quickly as possible and, subject to operational limitations, will aim and forward our report within eight working days of completion of the investigation.

We retain records following an investigation for a minimum of six years. We will provide full support should a matter go to court or arbitration.
