

Senior Claims Assessor

Salary £27,965 - £34,545 (dependent on experience) + excellent benefits

Edinburgh

A Senior Claims Assessor is required to work as part of a busy team responsible for medically and financially assessing the liability of death, critical illness, waiver of premium and Income Protection Plan claims for Lloyds TSB and Scottish Widows across all systems.

The successful applicant should have at least 7 years experience in claims assessment across the full range of protection products and achieved high authority levels across the range of products.

You will operate within clearly defined turnaround targets, quality measures and personal authority limits to ensure that your decisions to accept or decline are made correctly and promptly in line with the Lloyds Banking Group philosophy and usual claims assessment tools.

You will be able to provide coaching and technical support to your colleagues and will have dealings with the Financial Ombudsman Service, Reinsurers, Legal, Actuarial, Compliance and Marketing departments.

At times you may be required to attend industry functions and present to both internal and external clients.

Ideally you should hold the CII Claims Diploma or be willing to work towards achieving this.

Application

If you are interested in this role and you have the required skills that we are looking for, please follow the link to the Lloyds Banking Group website for further information on the role.
