

Claims Specialist

Vacancy Salary **£Competitive + Bonus + Benefits**

Vacancy Location **London**

Division **Underwriting & Claims**

The Vacancy

Overall Job Purpose

To quickly help embed new claims processes that have been identified by the strategic claims team and the internal group compliance and risk auditor. This will be achieved through assessing claims in line with current UK industry leading claims practice and helping to demonstrate this practice through feedback sessions and training sessions with the SA based claims assessors.

Accountabilities

- Assess all types of protection claims including but not limited to: Death, terminal illness, serious illness (CI), WOP, TPD. This assessment must follow current UK industry leading claims practice and will include obtaining medical and other information as well as drafting and issuing claims decision letters and other claims related correspondence.
- Work closely with the strategic claims team to help it embed best claims practice that has been identified through its own QA work and that of reinsurers and the internal group risk and compliance team.
- Work with the strategic underwriters, management, reinsurers, and other stakeholders to ensure the swift and correct outcome of a claim.
- Provide feedback to the claims assessors about better ways of claims assessing in line with UK best practice. This will include discussing cases to demonstrate best claims practice and how this compares to current ways of working.
- Being involved in training sessions with the claims assessors to help improve current claims assessment practice, knowledge and technical skills.
- Occasionally assist with QA checking of completed claim assessments.

Skills Required

Essential

- A broad experience in assessing and managing protection claims as detailed above.
- A detailed knowledge of the UK insurance market and regulatory environment.
- Experience of dealing directly and effectively with the FOS on claims related matters
- Good experience of working with reinsurers.
- Confident in presenting ideas and training peers.
- Intermediate skills in Word, Excel, PowerPoint, and usual Office apps.

Desirable

- CII claims qualification
- Auditing/QA checking skills

About Us

Vitality is an award-winning, dynamic and vibrant financial services provider, with a ground-breaking vision for the future, where individuals are enabled to succeed and are rewarded and recognised for their contribution to our business. We're the UK insurer and investment provider that rewards people for positive lifestyle choices – a key element of our Shared-value model. With 1.4m UK members and more than 25m globally, we're out to make the world a healthier, happier place. This applies as much to our people as it does to our members.

Working for Vitality, you'll experience an exciting mix of creativity and innovation, within a framework of challenging objectives and a passion for delivering the best. We think work should be fun and sociable, and we want our people to get the most out of every day. Our people are chosen for their skills, knowledge, enthusiasm and attitude but above all, their belief that anything can be achieved. Wherever possible, we will consider a variety of working options to suit your lifestyle, whether that be working from home, flexible working and part or full-time employment. It's what we call offering shared values, because a healthy happy team is good for us, good for our members and good for you.

Our People

Our Perks

As well as a highly competitive pay package, you'll enjoy: Free places to Vitality sponsored run events, online fitness classes and wellbeing workshops, competitions to win tickets to top-flight sporting events, health checks and access to our full range of partners and rewards.

- Flexible Working
- Vitality Health Insurance
- Bonus Scheme
- Health & Wellbeing Incentives
