Claims Expert, Life & Health Claims

Work with the UK Life & Health Claims Leadership Team to develop and implement a market-specific, portfolio-directed, claims management service that delivers cost effective claims liability management in accordance with the company's strategy to business risk and client relationships.

Work with cross functional experts, in accordance with an overall strategic approach to managing Swiss Re's business risks and client relationships to deliver the above.

Ensure that all components of the L&H Claims value proposition are integrated and aligned with the priorities of other Swiss Re teams, specifically L&H Products (Underwriting & Pricing), L&H Business Management (Technical Accounting and Actuarial Management), Client Markets, as well as clients within the market segment.

The opportunity

- * Responsibility for delivering the market specific portfolio directed claims service within a given market segment which may include overseeing projects and colleagues
 - * Proactively engage with and influence stakeholders across Swiss Re, including Regional Claims teams within which the role is located, L&H Claims' Global Services & Delivery team, L&H Products (Underwriting, Products Actuaries) and L&H Business Management (Technical Accounting and Actuarial Management), to gather insights, facilitate alignment of deliverables and utilize available resources
 - * Articulate activities within the context of L&H Reinsurance's business goals, specifically financial targets, with a long-term focus on sustainability and strategic objectives
 - * Provide technically correct claims management decisions whilst applying the appropriate balance of service and risk management
 - * Actively and appropriately manage a portfolio of new and existing claims in accordance with Swiss Re's claims philosophy, the signed Treaty with the ceding company, policy provisions and agreed service standards
 - * Make recommendations to develop and enhance the Claims service & ways of working – learn from experience, make recommendations to the L&H Claims Leadership team and implement agreed priorities
 - * Develop an effective management information (MI) framework to check claims experience and continually monitor this for any impact on experience. Report in a timely manner any potential adverse developments to claims experience
 - * Supplement the audit function by visiting clients to review their claims portfolio, ensuring this is managed appropriately and opportunities to make a positive impact on claims experience are identified
 - * Provide quality claims input to the business as required e.g. changes to philosophy and best practice standards
- Work with Claims Client Coordinators to ensure delivery of portfolio improvement alongside the overall client strategy
