

About Swiss Re

Swiss Re is one of the world's leading providers of reinsurance, insurance and other forms of insurance-based risk transfer, working to make the world more resilient. We anticipate and manage a wide variety of risks, from natural catastrophes and climate change to cybercrime. We cover both Property & Casualty and Life & Health. Combining experience with creative thinking and cutting-edge expertise, we create new opportunities and solutions for our clients. This is possible thanks to the collaboration of more than 14,000 employees across the world.

Our success depends on our ability to build an inclusive culture encouraging fresh perspectives and innovative thinking. We embrace a workplace where everyone has equal opportunities to thrive and develop professionally regardless of their age, gender, race, ethnicity, gender identity and/or expression, sexual orientation, physical or mental ability, skillset, thought or other characteristics. In our inclusive and flexible environment everyone can bring their authentic selves to work.

About the Role

We are looking for an agile, motivated, and self-driven personality to join our UK & Ireland Operations team in Folkestone!

Claims Operations is part of global Operations function integrated into the P&C Business Management Division, which handles the in-force reinsurance business end to end.

Essential responsibilities of the Claim Analyst role:

- Independent review, evaluation and investigation of (legal investigations are out of scope) claims from all lines of business- in accordance with policy provisions.
- Processing, review and analysis of individual claim transactions as well as portfolio steering to identify market trends, business insights and automation opportunities.
- Set up of claims and booking worksheets of an assigned portfolio and escalation to a senior claims expert as appropriate under consideration of all certs and technical clauses.
- Maintain data quality by creating consistency between the information in the system and treaty.
- Strong analytical savviness, using existing tools for performing analysis and identifying insights and trends.
- Reporting to relevant partners and collaborating closely with underwriters, clients and brokers on contractual and claims related matters and claims administration.
- Representation of Operations in Business Management and market cross-functional teams.
- Demonstrate understanding of the financial transaction end-to-end process and understand the impact of automation and dependencies (e.g., LPC, B2B).
- Perform root cause analysis, reviews struggles and collaborates across teams, functions, and regions to troubleshoot and resolve issues, automation failures and improves internal processes working closely with Operations teams and other business functions.
- Communicate clearly with fellow team members, guide other Claims Examiners on more sophisticated matters and provide and receive feedback for and from peers, customers and leadership team.
- Completion of various projects as assigned (local, cross-locational, regional or global).
- Some travel to Swiss Re locations or local clients/brokers might be required.

About the Team

You will join a very experienced and highly motivated team of Claims Analysts and Claims Examiners that is handling Reinsurance claims for UK & Ireland (UKI) and you will directly report into the Head P&C BM Operations Specialties, SwiftRe & UKI based in Munich. Our responsibilities require regular interactions with peers and experts from other global locations. We have a strong link to the other Business Management teams and collaborate on a daily basis to deliver the best service and most value to our clients.

About You

- Up to 5 years of professional experience, preferably in the (re)insurance sector.
- Profound understanding of Reinsurance treaties, certs, and technical clauses.
- Previous experience of handling London market Claims (LPC) including knowledge of ECF will be highly beneficial
- Ability to handle multiple activities, meet deadlines and prioritize workload.
- Commercial and self-motivated attitude

- High degree of flexibility and agility in thought and behavior
- Demonstrate and apply effective problem-solving skills and proactive critical thinking skill
- Bring with you the ability to work in a dynamic and virtual environment by being capable to navigate through periods of change and ambiguity
- You will be also expected to pro-actively pursue your career advancement by developing current and new areas of competence on own initiative.
- Proficient interpersonal and communication skills (written and verbal) and good teammate
- Able to work in a virtual/remote international/global/multicultural team environment
- SharePoint and Microsoft Suite preferred

Is this your description? If YES, we cannot wait for your application. APPLY HERE: [Claims Analyst \(swissre.com\)](https://www.swissre.com/careers/claims-analyst)
