

Senior Claims Assessor – MetLife UK, Brighton

Why MetLife?

It's more than just being rewarded with an excellent salary and bonus, great benefits and superb colleagues! As a Senior Claims Assessor at MetLife you get these and more.

MetLife has all the right attributes in place for you to thrive. Conveniently located, our Brighton HQ is within a 5 minute stroll from Brighton Train Station, and has close proximity to the famous Brighton Lanes with their vast array of local eateries and shops. Yes you'll love our location, but it's our culture and our products where we stand out from the crowd. MetLife is a global brand, but here at MetLife UK we have a culture that feels humble, is far from egotistical and is incredibly personable for a multi-billion pound enterprise! Our focus is on the customer, and giving our colleagues the chance to shine and be noticed.

Senior Claims Assessor at MetLife:

The Senior Claims Assessor will contribute to the proactive management of complex claims administered by MetLife, providing reassurance to customers through service excellence and accuracy of work, whilst developing and maintaining strong relationships with internal and external customers.

Key Responsibilities for the Senior Claims Assessor:

- Responsible for the timely and accurate assessment, decision making, settlement and communication of complex Employee Benefits claims from beginning to end. These claims will be from our income protection, critical illness and life insurance products.
- Acts independently within agreed authority and service levels. Decision making authority is an essential requirement, expected to hold or be working towards multiple product authority.
- Provide exceptional levels of customer service to policyholders, claimants and intermediaries in a professional and friendly manner and build trusted partnerships with key customers; either direct or at distributor level.
- Liaising with the Chief Medical Officer, underwriters and external service providers to ensure all appropriate information is obtained to assist in the assessment and ongoing management of claims.
- Maintaining a good working relationship with Reinsurers in order to maximize recovery from reinsurance contracts.

Essential Business Experience and Technical Skills for the Senior Claims Assessor:

- You must have considerable experience and exposure in handling Employee Benefits claims. A minimum 2-3 years' experience on Group Income Protection or other complex claims is essential for this role, additional experience on Individual Income protection, critical illness, accident & health claims is advantageous.
- Confidence in communicating claim decisions via the telephone and in writing, along with face to face communications with broker or client.
- You will have experience in managing Income Protection claims where return to work support is provided, and be able to identify what resources are needed to get the best outcome.
- You should have a willingness to study towards professional qualifications which MetLife will sponsor.
- You need to have experience quality checking and decision approval on the work of others.
- Claim decision making authority is an essential requirement, either from previous experience or awarded by MetLife.

At MetLife, we're leading the global transformation of an industry we've long defined. United in purpose, diverse in perspective, we're dedicated to making a difference in the lives of our customers.

MetLife is proud to be an equal opportunity employer. We are committed to attracting, retaining and maximizing the performance of a diverse and inclusive workforce. It is the policy of MetLife to ensure equal employment opportunity without discrimination on any basis protected by law.
