

Claims Client Manager

COMEX: Paulo De Martin	Division: Roy Chappell
Department: Medical Underwriting and Claims	Location / HUB: SGL UK/London
Reports to: N+1: Colin Lancaster N+2:Ann-Marie Dec	People management responsibility: NO

Job Summary

Ensure SCOR Global Life's claims assessment is of a high technical standard; providing clients with a high level of customer service including the active marketing of SCOR Global Life's Claims Teams Service.

Work within the risk management framework and controls set within the claims development team and by the claims manager.

Develop excellent relationships with our client's claims teams anticipating their needs and proactively delivering solutions/advice/training.

Act as a daily point of contact for customers and other SGL departments when they have claims queries.

Key duties and responsibilities

- Assess individual claims in line with SCOR Global Life' philosophy.
- Deliver a customer focused service and maintain confidence of current and prospective clients.
- Be fully aware of market place developments through attendance at industry seminars & other events, keeping up to date with relevant ABI & ILAG projects.
- Provide training enabling clients to maintain high technical standards. This will include supporting the Claims Technical and Training Specialist in maintaining current training material, identifying new material and identifying the needs of their aligned clients.
- Complete audits as identified in the annual schedule ensuring the report is issued in a timely manner and actions are appropriately followed up.
- Employ the strategy and culture set down in our "know your customer" initiative including knowing the client's claims portfolio, their standards and develop actions plans which should be followed through.
- Ensure all client visits as identified on the schedule are carried out in line with the schedule. ,visits should be bespoke to the needs of that client. Commit to any follow up work.
- Assist the Claims Operations Manager in preparing the regular MI reports, which may include analysis of claims experience.
- Keeping up to date with market regulations and determine how these may affect SCOR Global Life' clients. Documenting and undertaking any necessary research, circulating this information to the Claims team and to clients as necessary.
- Complete designated project work within agreed deadlines.
