

Lead Life Benefit Specialist**Salary: £26,000 - £30,000 + bonus + 27 days holiday + Benefits****Location: Dorking****Hours: Monday to Friday 9am-5.00pm**

Unum are looking for a Lead Life Benefit Specialist to join our organisation. Reporting into the Claims Manager, you will lead the claims assessment team to ensure the delivery of a professional service in all aspects of claims assessment within agreed Service Levels whilst maintaining the highest level of customer satisfaction and accuracy.

About Unum:

We are Unum (pronounced you-num) and we're a leading employee benefits provider offering financial protection including Income Protection, Life insurance and Critical Illness, and corporate dental cover through the workplace. At the end of 2016, Unum protected over 1.4 million people in the UK and paid claims of £293 million to our customers. Unum Limited has a financial strength rating of A- (Strong) from Standard & Poor's with a stable outlook. We are working towards becoming the Employee Benefits provider of choice for working Britain.

Key Accountabilities:

- Provide professional customer service at all times through the achievement of service standard and an awareness of customer expectations and perspective.
- Investigate claims received under Group Life, Group Dependents', Group and Individual Critical Illness, Personal Accident, School Fees, and 4 and 8 week deferred period Dual Benefit Group Income Protection policies, reaching a liability decision through the application of medical and product knowledge and the accurate interpretation of policy documentation, proactively identifying and obtaining all information necessary for the validation of each claim, communicating all claims decisions in a timely and appropriate manner and ensuring that communication during the assessment process is regular, timely and clearly documented.
- Control the distribution and delivery of all work within the claims team, ensuring work is allocated effectively, and completed within agreed Service Levels.
- Check all claims within the agreed authority limit for accuracy and consistency to ensure quality standards are met.
- Provide technical support and solutions on all aspects of claims assessment to ensure that work is progressed and skills developed effectively to meet business needs.
- Identify training needs within team and provide coaching and technical support where required.

What we're looking for:

- In depth technical knowledge of all areas covered by the team.
- In depth technical product knowledge of all Non-GIP policies and claim processes.
- Leadership skills including coaching, conflict management, negotiation skills, team working and performance management
- Excellent Relationship Management Skills
- Proven ability to assess claims at a high level
- Sound experience of Group life and Dependents claims processing.
- Experience in a role which involves leading activities, such as work scheduling, service level monitoring, and quality checking.

This is a great opportunity to work for a UK subsidiary of a global organisation; we look after our employees, offer a great work-life balance, generous benefits, a professional challenge and fantastic career opportunities.
