

Kennedys' fraud services

Kennedys is excellently placed to assist clients seeking prompt, clear and commercial advice on the options open to them when dealing with all types of fraudulent/suspected fraudulent claims, in particular:

- General insurance fraud, including household and property
- Life & Health fraud
- Mortgage fraud
- Personal injury fraud including, employers' liability, public liability and motor claims

We take prompt action to mitigate losses and to assist in asset recovery, including obtaining freezing injunctions where appropriate. We have considerable experience in handling large, document-intensive and high profile disputes, and are experienced in dealing with the police and other investigatory authorities.

We understand that when dealing with suspected fraudulent claims adverse publicity is a risk but, when handled well, your reputation is enhanced. We work closely with our clients to devise a strategy to ensure the claim is dealt with cost-effectively, commercially and expeditiously.

In those cases where fraud is suspected, but it proves impossible to obtain the requisite evidence, we ensure that you are advised of this at an early stage and that the best commercial outcome is obtained.
