

BESPOKE ASSESSMENT, CLAIMS MANAGEMENT AND RETURN TO WORK SOLUTIONS FOR THE INCOME PROTECTION INDUSTRY

Managing Income Protection claims can be very challenging. Medical evidence may not be as clear and as objective as you would like and, seemingly insurmountable non-medical issues can have a significant impact on the potential for claim resolution.

Absence Management Solutions Limited provides a flexible range of services for insurers designed to:

- Enhance the assessment of a new or review claim through holistic evaluation of the circumstances of absence with the claimant and, when appropriate, their employer.
- Reduce claim duration, and therefore financial liability, through focussed recommendations, or the implementation of case management and return to work initiatives.

Other services available include:

- Desk top reviews and provision of claims management recommendations.
- Round table discussions.
- Case Manager training.

**To claim your first face to face claimant assessment for just
£100 or a telephone assessment FREE ...**

**Telephone 01428 658965 or email
info@absencemanagementsolutions.co.uk**

Offer open to new customers first referral, reasonable travel expenses will apply.

Absence Management Solutions Limited was founded in March 2014 by Alexandra Freeman RGN, DPSN, CDMP. Alex has 20 years of experience working in Income Protection insurance. At unum she led the Insurance Nurse Consultant team until 2006 when she moved to Canada Life to develop and lead their successful Vocational Rehabilitation Consultant team.

Please read on to see what our customers say about us.....

'I would like to thank you for all the support and guidance you have given me. Having been away from work for 2 years I had begun to feel that I would never work again, and do not believe I would be back at work now were it not for your calm and sensible approach. You achieved results where others failed!!! I have just been awarded a promotion and, while this has come 4 years later than I had planned at the start of my career, I do not believe I would have achieved this without you. A huge part of my recovery is down to you and I will always be grateful for your understanding and support.'

Senior manager, Oil and Gas Industry, absent with Chronic Fatigue Syndrome

'Managing absence has always seemed very scary, I did not know what I could say to the employee or how to manage the expectations of the business. Since I have had you to call upon, for advice and case management services, I feel relaxed and 'safe' in the knowledge that we can work together to sort the problem out and, that I will be able to answer the questions the business asks of me.'

HR Advisor, Insurance Company

*'Thank you for your help in managing *****'s absence. I knew that he was avoiding the disciplinary but, felt my hands were tied in what I could say to him to try and move this situation forward. You were able to challenge him in a way that I am not, you got to the crux of the issue and this has resulted in us being able to come to an amicable solution which is best, not only for us but also for *****.'*

UK HR Director, multi-national accountancy firm

'Communication is very important to us and this has been excellent, we have been appropriately consulted when required, and reports are of a high standard. Equally, the efficiency and reliability of your communications with our customers has been great.'
