The Jetsons, 1962

Don't forget to register now for your place at the Heath Claims Forum on Thursday 24 May. Talks include-

GPs on the front line

Obesity, mental health, NHS capacity- what are the big health issues in the UK today and what are the challenges for front line service providers?

Medical Records

Access to medical records remains a fundamental issue for claims assessors; what's changed and how will this affect the way we work?

Stress

Understanding the impact of stress in the modern world; for our customers and in our own day-to-day lives. Can technology make a difference?

A.I., Automation and Fraud

Can A.I. and machine learning help us to pay claims more quickly and is it smart enough to detect fraud?

The Virtual Doctor

Are "virtual GP" services a viable alternative to a trip to the local surgery?
Can Insurers support and benefit from this new primary health care alternative?
