Bringing banking back to its original purpose

How we've tried to build TSB. Not just a brand – a cause

Our brand purpose

We exist to help create a Britain where people, and the communities they live in, can thrive together.

We will do that by being an economic force for good, fuelling growth in local communities throughout Britain.

Our brand values and our behaviour

Straightforward

Collaborative

Transparent

Responsible

Pioneering

We are

TSB. Local banking for Britain.

TSB's values align with our treatment of vulnerable customers

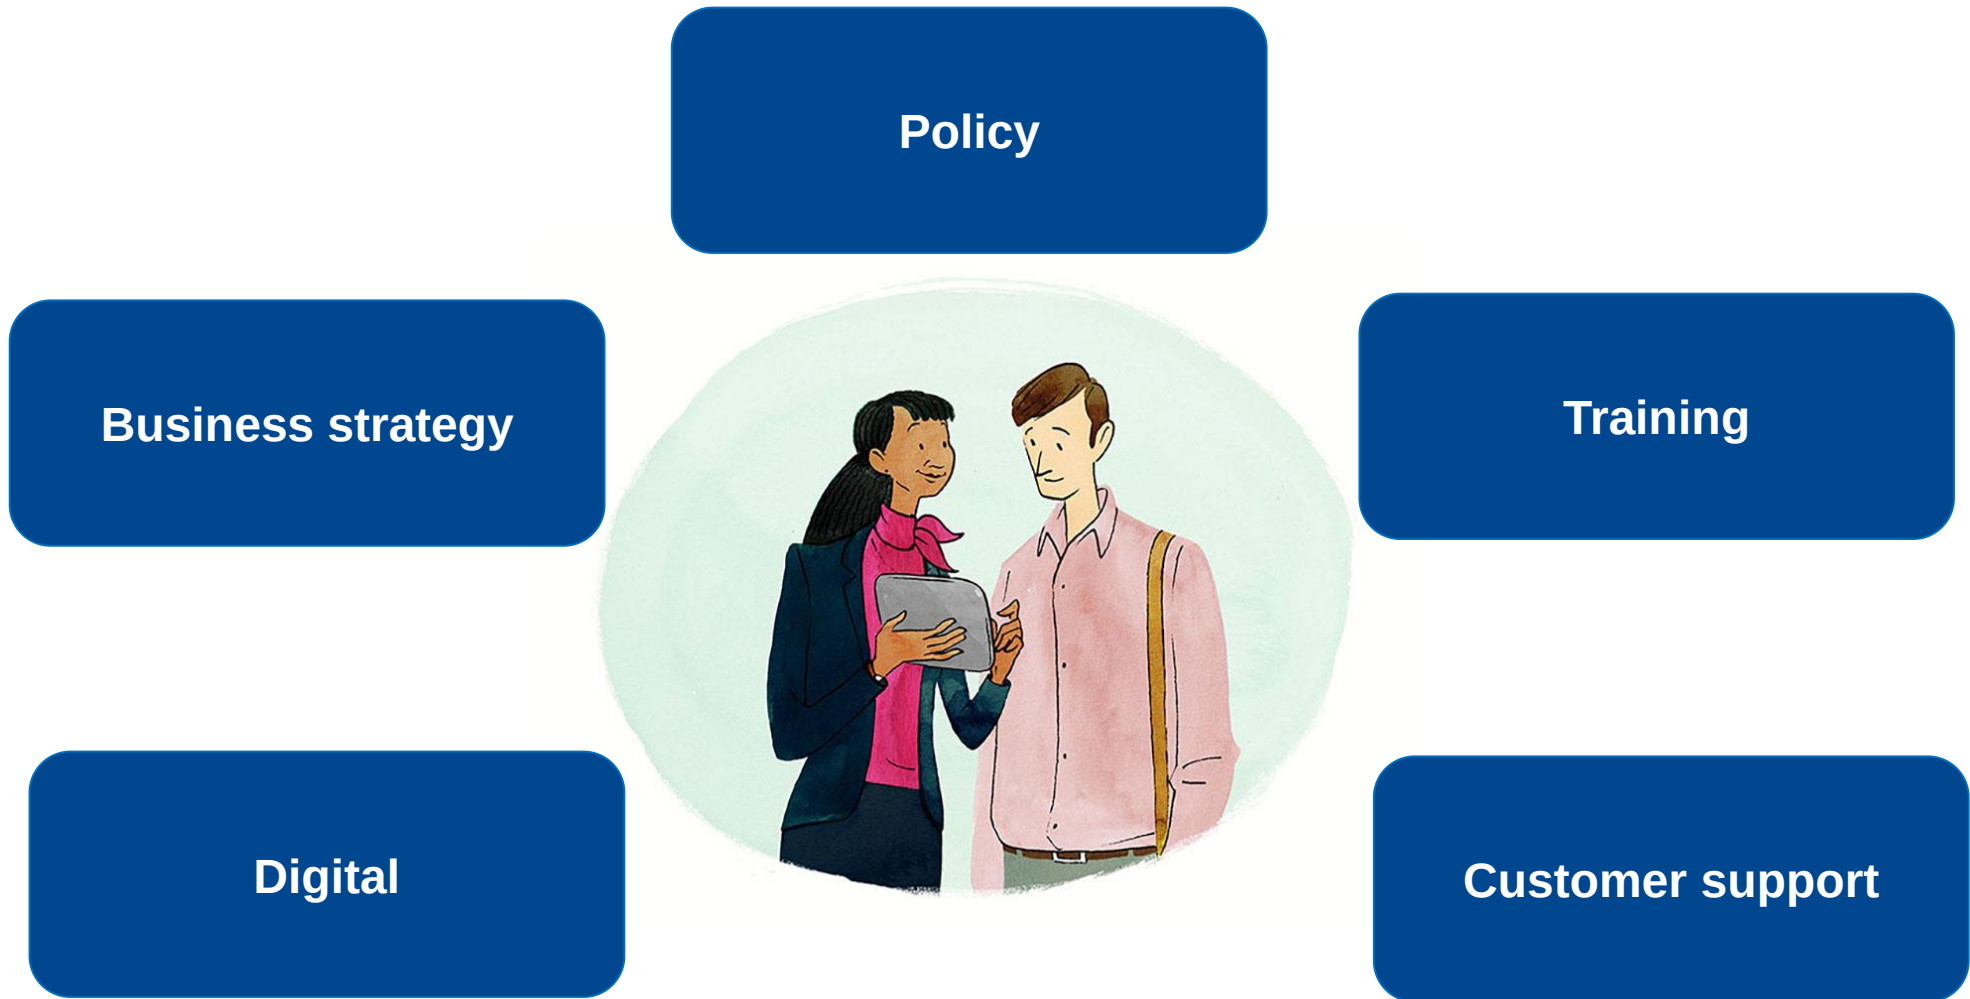

Our overall strategy for vulnerable customers is;

“Provide the kind of banking experience people want and deserve for all customers, including those that are vulnerable.”

What were we already doing?

What did we want to achieve?

1. Ensure vulnerable customers continue to be treated in line with TSB's values
2. Deliver expectations of FCA Occasional Paper
3. Review policies and procedures
4. Address any inconsistencies
5. Develop competency

Vulnerable customers project

TSB set out to ensure that our vulnerable customers consistently received the best help, support and service to meet their needs

- Building the project
- Built strong governance
