

Capita Life, Pensions and Specialist Services

Claims Assessor & Underwriter

Competitive salary plus benefits

Permanent, full-time

Bishops Cleeve, Cheltenham

At Capita Life, Pensions and Specialist Services, we work in partnership with over 20 well-known UK and international financial services providers to administer life, savings and pensions policies on their behalf. We're able to deliver complex processing while maintaining quality, and provide a wide range of services including underwriting, back office administration, claims management and technical support. We work with a number of notable clients such as Zurich, Royal London and Aviva. You could too, if you join our talented financial services team here as a Claims Assessor or an Underwriter.

About the Claims Assessor role:

As a Claims Assessor, you'll proactively assess and manage health claims. You'll interpret policy terms and conditions, medical evidence and financial accounts in order to reach a decision about a claim, providing thorough and robust rationale for each decision. You will be sensitive to the vulnerability of each claimant, ensuring you provide a first class service to make the claims experience as smooth as possible.

You will have the chance to work on multiple insurer claims and work with most of the major reinsurers in the industry. You will be fully competent on all claim types with previous autonomies and will manage your own case portfolio. You will also have the opportunity to attend industry events in the Claims and Underwriting world to enhance your own personal development.

About the Underwriter role:

As an Underwriter, you will ensure business decisions are made effectively and in line with the client's philosophy providing thorough and robust justifications of each decision. You will be sensitive to the needs of each application and will balance this against your attention to detail.

You will have the chance to work on multiple books of business which gives variety due to the

differing risk appetites we see. You will have previous underwriting autonomies in the health insurance protection market. You will have the opportunity to attend industry events in the Claims and Underwriting world to enhance your own personal development.

For both roles, you will work in a Specialist Division that spans six locations across the UK and has one of the biggest groups of specialist Claims and Underwriting personnel in the industry. We love what we do and we don't stand still. We are constantly looking for ways we can evolve so we remain top of our game.

You'll need:

Both roles require excellent verbal and written communication skills in order for you to manage your client's expectations. Good questioning skills will be particularly useful. Proactive and positive, you'll be able to provide support for less experienced members of the team by sharing experiences, knowledge and ideas.

Working at Capita:

At Capita, we believe an open, transparent working environment that encourages ingenuity and collaboration – with colleagues, customers and clients – is what makes us so effective at what we do. As well as a generous basic salary, we also give you 23 days' holiday (rising to 27), company matched pension scheme and access to a variety of voluntary benefit options. These include a share save scheme, life assurance, holiday buy and many more designed to suit your own personal lifestyle, such as retail, leisure, health and wellbeing discounts.

Apply:

Click to apply. If you have any questions about any aspect of either role, please contact Jonathan.Mair@capita.co.uk

Capita operates as an equal opportunities employer and we welcome all applications regardless of gender, marital status, sexual orientation, pregnancy, race, colour, ethnic origin, nationality, religion or beliefs, disability, age, political opinions or trade union membership.
