

Deputy Claims Manager

Who are we?

We are Unum – one of the UK's leading employee benefits providers.

We've been around for 50 years, currently protecting over 1.7 million people, providing security and peace of mind to individuals and their families.

With a Fortune 500, US parent company, we're part of highly successful global organisation, sharing ideas and innovations across teams to create a collaborative work environment. We're transforming our business, and we're keen to increase our digital capabilities to evolve the way we work and optimise opportunities for growth.

Deputy Claims Manager

Summary

To work alongside the Customer Care Team Manager to proactively manage and develop a claims team to deliver successful, market leading, customer service and ensure that performance targets and objectives are achieved.

Key Accountabilities:

Claim Management

- Support team level efforts related to inventory management
- Validate that claim procedures and practices followed to ensure appropriate risk decisions are made
- Validate policy coverage and claim information and obtain input from department resources to determine that the appropriate actions have been taken on each claim with a minimum of supervision
- Utilise appropriate resources, as needed, to ensure that thorough, fair, and objective decisions are made
- Sign of claims decisions within granted authority level
- May perform other duties as assigned

Peer Review/Feedback/Mentoring

- Assist Customer Care Team Manager in developing and building in-depth technical expertise in the disability benefits team through mentoring and sharing feedback resulting from file reviews including claim validations.
- Assist with training initiatives as needed, mentor claims personnel. (e.g., serve as a Subject Matter Expert and/or mentor to new hires during formal training program)
- Serve as a change agent; serve as a role model for continuous improvement
- May perform other duties as assigned

Quality Analysis

- Assist Customer Care Team Manager in enhancing organisational performance through ensuring quality of claim documentation and decision rationale. (e.g. Peer file review/segmentation review)
- Conduct proactive file reviews to assess quality and compliance
- Provide feedback to Claims Management Specialists and CCTM on quality of specific claim documentation and decision rationale
- Partner with leadership team and business partners (e.g. ICA, Appeals, QA) to provide quantitative and qualitative feedback on overall quality of claim documentation and decision rationale

Required Knowledge and Skills:

- Demonstrated success in managing highly complex claims in Life or Critical Illness or Group or Individual Income Protection
- Proven ability to successfully mentor others
- Ability to manage multiple, competing priorities successfully
- Strong decision making and problem solving skills
- Strong demonstration of partnership skills with internal and external representatives and resources
- Demonstrated ability to translate data analysis into specific actions that improve individual and organizational performance
