Claims Expert - Protection Partners

UK - London

About Swiss Re

This is your opportunity to join one of the world's leading reinsurers. Our reinsurance business at Swiss Re is about understanding and analysing the major risks that concern the world - from natural catastrophes to climate change, from ageing populations to cybercrime. We combine experience with expertise and innovative thinking to create new opportunities and solutions for our clients. And we enable the risk-taking essential to enterprise and progress. This is only possible with around 10,000 truly exceptional Swiss Re people across our group worldwide.

About the role

Claims

The Claims job family is made up of jobs which specialise in claims and liability management, managing claims-related cost and claims knowledge, and the provision of related services and solutions to clients, customers and colleagues. The main activities are:

- Proactively manage the claim portfolios of SRPP clients, subject to contract;
- Structure claims data and information for analysis and improved management of portfolios;
- Proactively manage and adjudicate claims; providing high quality customer service;
- Provide value-add claims audits and benchmarking;
- Use claims insights and services to support new business and product development;
- Provide knowledge sharing opportunities, tools, training, and technical direction to Protection Partners (PP) and to our clients.

Opportunity

- Provide claims technical and operational expertise to inform, guide and monitor the development and implementation of the PP claims philosophy, processes and standards in UK+I and Europe.
- Proactively share claims insights and knowledge, and engage with internal and external stakeholders to help deliver the European PP goals, with a strong focus on customer service, sustainable performance, and PP strategic objectives.
- Represent the European PP Claims function (UK+I and Europe), and be a key link with the reinsurance claims team of Swiss Re.

Responsibilities

- Be the key contact in PP for UK+I and Europe claims-related queries and requests for Claims involvement.

- Apply up-to-date claims technical expertise to ensure PP claims processes are cost-effective, robust and sustainable.
- Help implement a client/market specific, portfolio-directed claims management service, in collaboration and aligned with cross functional stakeholders.
- Effectively manage operational risk in accordance with SRe standards; applying claims insights to new business acquisition and processes, to product development, and to the proactive management of inforce business.
- Ensure all relevant guidelines, controls and risk management requirements are applied in all activities and outcomes.
- Provide technical comment and PP sign-off on product design, product and customer literature and other customer interfaces.
- Engage positively with our SRe reinsurance claims stakeholders, securing their approvals where required.
- Show active passion and drive for our customer centric culture.
- Help to drive the enhancement of our Claims service and ways of working, ensuring they meet the reasonable expectations of customers, clients and reinsurer.
- Develop an effective management information (MI) framework to continually monitor PP mortality and morbidity claims experience, service levels and expenses; reporting in a timely manner opportunities and adverse developments
- Monitor and audit the performance of 3rd party claims service providers.
- Lead the effective management of claims complaints from customers and clients, analyzing feedback and sharing learning with PP stakeholders.
- Proactively make recommendations for change in all the above areas of responsibility to the Underwriting & Claims Manager Europe, to develop continuously the high performance of PP Claims.
- Contribute as an effective team member to the success of the PP protection team.

About the team
