

Claims Development Manager

Location: Hove/Agile

Salary: Competitive

We are seeking candidates with significant technical protection claims knowledge to help us shape the direction of our business and meet our strategic objectives.

You will develop the claims philosophy and guidelines to ensure that Legal & General's approach to claims settlement remains commercial in a competitive environment for the benefit of our customers whilst observing risk management considerations at the same time. You will review current philosophy on an ongoing basis and liaises cross-functionally with underwriting and product development teams as well as with Actuarial and external third parties such as reinsurers.

This is a broad and exciting role with excellent exposure and scope for progression.

Job Duties:

1. Review and further development of L&G's claims philosophy thus ensuring that philosophy is in line or ahead of the industry in order to secure Legal & General's position as a market leader and expert in claims handling for the benefit of our customers.
2. Review and further development of guidelines and documentation in respect of claims philosophy including review and update of existing guidelines and documentation in order to ensure that claims assessors are fully aware of and act in line with philosophy, which aims at establishing Legal & General as a market leader in respect of claims handling and treating customers fairly.
3. Proactively, establish and maintain good cross-functional working relationships with Operational Claims Management, Underwriting and Product Development as well as Actuarial and Compliance.
4. Establish and maintain good working relationships with external parties such as reinsurers and represent L&G at industry wide events and in external working groups.
5. Pro-actively initiate claims projects and workshops in close co-operation with Claims Operational Teams, promote relevant stakeholders' understanding for change in order that new philosophy can be implemented smoothly and without disruption and resistance.
6. Work with Marketing and Product Development to ensure new products or changes to policy T&Cs and policy definitions are fully considered from a Claims perspective
7. Analyse reinsurer audit outcomes and develop solutions in areas with needs for improvement.

8. Maintain a thorough knowledge of claims tools and techniques. Keep abreast of regulatory changes in the industry claims and proactively, initiate change as required in order to secure Legal & General's competitive advantage in the claims area.
9. Maintain an in-depth understanding of L&G's Protection strategy and ensure that claims philosophy is closely aligned with key objectives of the business.
10. Maintain a thorough knowledge of the financial services marketplace and understanding of Legal & General's protection business and proposition. Market knowledge and awareness is crucial for the development of competitive claims philosophy.
11. Proactively initiate open and clear communication with Claims Operations in order to increase awareness of new development and philosophy changes and to ensure that the claims teams adhere to claims philosophy and competitive advantage is maintained.
12. To act as a deputy to the Claims & Underwriting Director as and when required.
