

Disability Claims Consultant
Eastleigh
£20,400 (dependant on experience) + excellent benefits

The role

The main purpose of this role is to provide a full technical assessment service for new and existing income protection and critical claims.

You will manage your own portfolio of claims, which may involve complex or sensitive issues. No two cases are alike and any claim could involve a combination of medical assessment, financial reasoning, fraud investigation, rehabilitation to the workplace and / or counselling skills during a difficult time in our customers' lives. You will negotiate with customers; explaining reasoning behind decisions whilst maintaining a high level of customer service at all times.

Training will be provided on a 1:1 basis in the workplace and on team over an initial period, depending upon your level of experience and you will be gradually supported into working effectively on an independent basis.

The person

For this role it's essential that you have experience in managing life / disability / protection / critical illness claims.

You will have good planning, negotiation and organisational / time management skills, with sound judgement and decision making skills; confidently able to explain reasoning behind decisions and negotiate with customers.

You will have the ability to analyse evidence and take appropriate action with proven ability to work on your own and as part of a team.
